DEPARTMENT OF INFORMATION TECHNOLOGY

Technical Seminar “Data Mining & Warehousing”

Technical Seminar on “Data Mining & Warehousing” was conducted seminar on 02.05.2024 & 9.00 am to 12.30 pm at PMC Tech., Hosur. This event has been organized by Department of Information Technology, PMC Tech Hosur. It has been conducted Offline mode of our UG students of Er.Perumal Manimekalai College of Engg, Hosur. **Dr.M.Anbarasi, Professor, VIT, Vellore**, was the resource person and delivered special lecture and hands on Training. This Technical Workshop can be highly effective at helping you advance a wide range of Data Mining & Warehousing. I hope this program to create a new idea and relationship between various Data Mining & Warehousing. This paper explores the scope of data mining and data warehousing, two pivotal components in the field of data management and analytics. It delves into the methodologies, technologies, and applications of these practices, highlighting their roles in extracting valuable insights and managing large volumes of data. The paper provides a comprehensive overview of data mining techniques, such as classification, clustering, and association rule mining, and discusses data warehousing concepts including data integration, ETL processes, and OLAP. The interplay between data mining and warehousing is also examined, emphasizing their combined impact on business intelligence and decision-making. At the end of the session, students asked many queries and clarified their doubts. Information Technology Department/PMC Tech has arranged seminar hall for attending the programme.
