ENGLISH COMMUNICATION LABORATORY

The English department has a language laboratory with Audio- Visual equipment to aid in English language skills. The laboratory is effectively utilized by the students for self enhancement and soft skills development activities. It is highly beneficial to the students to learn soft skills. Also used to listen and practice speaking with audio and video recording of native speakers.

It focuses on improving pronunciation by listening to and repeating words, phrases and sentences. This lab encourages students to engage themselves in conversations with native speakers or language exchange partners.

Hi Class is installed in the laboratory which is server based and can be accessed with the internet. This language learning software can used by 60 users at a time. It has video, audio and recording facilities which is very useful to the students to learn language easily and evaluate themselves listening to their own voice.

THE MAIN OBJECTIVES OF THE LABORATORY ARE AS FOLLOWS:

1. Provide Students With Personalized Learning Opportunities.
2. Prepare themselves for Interview and Group Discussion.
3. Insist them to learn English for their career growth.
4. Prepare students for all LSRW Skills.
5. Promote cultural awareness and means of communication.
